

Hello, '53 Classmates,

It's a brand-new year—and what better way to celebrate than to join us for our 55th reunion, June 5–8, 2008? We are so looking forward to seeing you again. We're hoping to break all records by having the largest attendance for a 55th reunion, but that's not the only reason to return.

Time is getting away from us, so let's make the best of our golden years by returning to campus and bonding again with friends who were such a part of our lives in the '50s. When we see you at reunion, we don't look at how you've changed. We don't judge you by how successful you've become. We don't see the wrinkles (they're just laugh lines!). What we do see are the friends with whom we lived, sang, played, prayed, and worked during our teen years. And we can remember and be grateful that NMH gave us those years of protection, education, friendship, and inspiration.

Some of you have been faithfully returning to a lot of reunions, and we're looking forward to seeing you again this June. For those who've missed past reunions—come on back! We're planning some special times for our class; you'll also have the opportunity to wander through the Northfield and/or Mount Hermon campuses, take a boat trip, play some golf, and just visit and shoot the breeze. How about it? Can we count on you? Trust us—you will enjoy.

Mark your calendar now, and send in this reservation right away. Coming to reunion will be a great way to celebrate in 2008.

Warmest class regards to you all from your reunion chairs,

Bobbi, Nancy (Chug), Karl, and Dick
