

WHAT IS THE CROSSLEY WORK COMMITTEE?

Who are the people who have been chopping ice, shoveling snow, taking care of their dorms and grounds, and organizing a four hour silent vigil?

We are a new kind of reform movement. Our aim is to prove to ourselves and the community at large that we can unite and organize ourselves for valuable causes. This grassroots movement will give students new solidarity and pride at seeing what they can do.

The work committee concept, begun in Crossley, has already spread and there are now work committees in Cottages I and II, Cottage IV, and Wallace. Through our persistence in clearing the icy paths, we are attempting to insure the safety of the community. Through our united endeavors to improve the physical appearance of the school, we will be able to reform the political organizations in it.

We are not associated with the Senate or the Student Association. These organizations have already demonstrated their inability to deal with problems efficiently. We derive our power from the students. We care enough about this school to want to improve it. Those who may accuse us of not caring for Northfield-Mount Hermon School should be directing their fire at those who sit in their rooms and allow policies which they disagree with to be thrust upon them.

On Monday night, one-hundred students stood in the cold for close to four hours in silent support of a friend whose case was up before the judicial. Through this act, we expressed our deep concern for student rights. Only through hard work and an unified effort can Northfield-Mount Hermon rekindle its lost spirit.

A MEETING WILL BE HELD IN CAMP HALL FROM 7:00 - 7:30 ON WEDNESDAY, FEBRUARY 11
-- CALLED BY THE UNITED WORK COMMITTEES.
