

Tutoring Permission

During the school year, students occasionally need the help of a tutor in a specific course. Tutoring is arranged through the learning skills program and may involve either a student peer tutor or an adult tutor. The fees are \$10 per hour for a student peer tutor or \$40 per hour for an adult tutor, and are billed to the student's tuition account.

When a student needs a tutor's help, there is usually some degree of urgency, and waiting for parental permission to engage a tutor may force a delay that exacerbates that urgency. For that reason, we suggest that you give permission in advance so that tutorial services can be arranged quickly if the need should arise. You will, of course, be notified when your child needs or requests a tutor.

Name of student _____
LAST FIRST

I hereby give permission for my child to be tutored by an approved NMH tutor and agree that the fees may be billed to his or her tuition account. In addition, I give permission for the tutor to be given appropriate background information.

Parent/Guardian name *(please print)* _____

Parent/Guardian signature _____ Date _____

If you have any questions, please contact your child's DL or the director of the learning skills program at 413-498-3591.
