A \$5 MILLION MATCH FOR FINANCIAL AID

NMH

Northfield Mount Hermon

Well. Grounded.

True to our roots. Growing potential.

At Northfield Mount Hermon we don't believe in wasting potential. Thank our founder, D.L. Moody, who selected students based on talent, intellect, and their *inability* to pay. D.L. turned a blind eye to race and nationality at a time when other schools didn't, and he was especially interested in those who couldn't afford to go elsewhere.

What was true 139 years ago is still true: At NMH, it's not about where you're from. It's about who you can become.

Today, NMH continues to value intellectual promise. Our students come from all over the country and the world, from every kind of background.

Financial aid helps us transform a teenager with potential into a young adult with the skills and inclination to "act with humanity and purpose." What better way to improve our world?

Give to financial aid now, and double your impact.

All new gifts made to NMH endowed funds for financial aid will be matched 1:1 up to \$5 million. This challenge from an anonymous donor will run through 2021 and includes gifts to both already-established funds and new ones.

Give now: nmhschool.org/givetoexcellence

Small print: Qualifying gifts include any made to an established endowed financial aid fund or a gift of \$100,000 that establishes a new endowed fund restricted to financial aid. This match, up to a total of \$5 million, runs from January 1, 2017, to December 31, 2021. All planned gifts and bequests realized during this time and meeting the criteria are included.

NMH

Well. Grounded.
