

Decisions, Decisions!

Our seniors have a lot of college options!

Our seniors are excited to get acceptance letters from many schools and they are sitting down with their advisers and families to compare their options. Students and families are looking at which college will be the best fit for the student's program interest as well as which financial aid packages will leave the student with a reasonable cost and debt load. Choosing a college is one of life's most important and stressful decisions. Our seniors and their families are handling it with grace and wit. Give a shout out for their hard work and success!

Cesar, Eric and Anthony show off some of their acceptance letters
