

*"Northfield Mount Hermon has a century-old tradition of offering educational opportunities to students of varying financial resources. Continuing that commitment is a high priority at NMH Summer Session."*

#### **Financial aid?**

Anyone may apply, although the majority of the aid is reserved for US citizens. Financial aid is granted based on demonstrated need as well as a student's academic qualifications.

#### **How and when do I apply for financial aid?**

Applicants must submit all of the following, no later than March 1:

- NMH Summer Session online application
- Two teachers' recommendations (Forms A and B)
- Report card or transcript of grades—must include first-term grades for the current school year
- Application for Financial Aid
- U.S. families: a copy of parents' most recent IRS 1040 forms and W-2 forms and all supporting documentation; if the current tax year's 1040 forms are not yet available, copies of the previous tax year's 1040 forms may be submitted – in this case, W-2 forms for the past two years must also be submitted
- International families: a notarized copy of parents' most recent income tax report and an earnings statement from employer

If your child is also applying to Northfield Mount Hermon's admission office for the academic year and submits all materials to that office by March 1, it is not necessary to complete another set of recommendations, transcripts, and aid forms for our Summer Session. Check the box on page 1 of NMH Summer Session's online application, indicating that your child is also applying to NMH School; the Summer Session office will then obtain copies of your child's teacher recommendations, transcripts, and financial aid information from the academic-year admission office.

If your child's application forms and financial aid materials are correctly and fully completed and meet the March 1 deadline, an admission/financial aid decision will be emailed to you and your child by March 15.

After the March 1 financial aid deadline, the availability of aid cannot be guaranteed, and applications will be considered on the basis of remaining funding.

#### **How can I avoid errors?**

- Be sure to complete all items—**IMPORTANT: DO NOT LEAVE ANY LINES BLANK**—and submit all of the required supporting documentation. If information is not complete, our financial aid committee may be unable to consider your child for aid or may determine an aid grant that does not reflect your family's financial situation.
- If actual current-year figures are not available, give your best estimate. Enter a zero (0) if no other figure applies.
- Explain all unusual circumstances and itemizations in #6.

#### **How is the family's contribution calculated?**

The family's share of the tuition cost is determined through careful consideration of the household's income, expenses, assets, and debts; the number of family members; and the number of children in private schools and colleges.

#### **How is the financial aid package determined?**

The cost of tuition, minus the family's contribution, represents the family's need. NMH Summer Session attempts to meet as much of a family's need as possible. However, our financial aid budget typically does not allow us to meet 100 percent of need for all families.
